IAG Fund

The IAG Fund aims at supporting specific IAG activities. Its primary goals are:

- to provide travel support for young scientists to attend IAG Symposia and workshops,
- to assist in the organisation of IAG workshops in developing countries, and
- to provide an annual IAG Young Authors Award for young scientists.

The fund was established by the IAG Executive Committee in 1992 (Bull. Géod., **68**, 41-42, 1994)

Contributors are divided in three groups:

- Presidents Club (cumulative contributions of USD 1000 and more or equivalent in EUR)
- Special contributors (annual contributors of USD 100 ... USD 1000 or equivalent in EUR)
- Contributors (annual contributions of less than USD 100 or equivalent in EUR)

The rules for the IAG Young Authors Award and for the IAG Travel Award for young scientists are given in the Geodesist's Handbook.
